CIMC

VC CMU *Message*

It is my immense pleasure and proud privilege to offer best wishes to all involved with Chattagram International Medical College (CIMC), Chattogram, Bangladesh. This college has already gained profound positive reputation in the city & country as well.

Many people are attracted to the medical profession because it gives them an opportunity to help those in need. Whether healing physical ailments, providing medical advice or performing complex surgeries, doctors have the opportunity to change lives.

This high regard is most likely the result of the huge influence that doctors hold for others in the professional journey. They not only have the knowledge to diagnose and provide treatment for major illness, but also contribute to the development of the nation.

Chattagram International Medical College (CIMC) is one of those institutions which ensure quality education and where the students have the opportunity to obtain best professional and practical knowledge to reach their own goal. It is also an ideal medical institution where the students are taken care of and academic performances are closely monitored by qualified teachers.

I wish every success of this institution.

Omar Faruque Yusuf
(Professor Dr. Omar Faruque Yusuf)
Vice chancellor
Chittagong Medical University

Chairman *Message*

It is my great pleasure to welcome our 10th batch MBBS students to Chattagram International Medical College (CIMC). Medical education is a fast developing advanced field which necessitates extensive supervision and care to students, well equipped laboratory support and practical hospital training. Chattagram International Medical College (CIMC) offers the best academic and clinical facilities to enable you to achieve your goal.

This prospectus is an endeavor to introduce ourselves with you in brief. Thus it covers a small portion of the wide range of facilities we are offering at the moment for our students. I believe our experienced teachers' care, study environment, academic discipline, continuous monitoring of students' performance, well equipped lab facilities, rich library facilities and extra curricular activities etc will make us different from others. Moreover, all of our efforts have been made for contributing solely to social welfare.

At present, we have a 500-bed general hospital. It has exclusive facilities for patients and students under various departments. Our future plan is to build another 750-bed hospital and more academic buildings to facilitate study and research work for our students and teachers.

Apart from providing international standard medical education facilities, our aim is to develop morality among our students so that they can serve the society after completing their education.

(Dr. A. K. M. Fazlul Haque)
Chairman, Governing Body
Chattagram International Medical College

Principal *Message*

It is our great pleasure to welcome you to Chattagram International Medical College. Medical education is a fast developing advanced field which necessitates extensive supervision and care to students, well equipped laboratory support and practical hospital training.

The academic programs of CIMC have been designed to equip the students with modern knowledge, technical competence & excellent communication skills developing them as worthy human resources. As students, you will enjoy your stay here by interacting with highly qualified faculty members, friendly young learners & experienced administrative teams.

All possible measures have been taken to develop the mental development of student through organizing social & cultural activities by Extra Curricular Activities Division. Chattogram International Medical College beckons you to join our professionally planned educational facilities.

We look forward to helping you turn your dreams into reality & achieve your goals. Allow us the opportunity to serve you

Professor Dr. Muslim Uddin Sabuj
Principal
Chattagram International Medical College

Welcome to **CIMC**

Chattagram International Medical College (CIMC) is a non-government medical College in Chattogram, Bangladesh. Established in 2012 by Development for Education Society & Health (DESH).

The college is adjacent to the Chandgaon Residential Area in Chattogram, Bangladesh in a permanent campus.

Chattagram International Medical College (CIMC) is approved by the Ministry of Health and Family Welfare, Government of the People's Republic of Bangladesh, recognized by the Bangladesh Medical and Dental Council (BM&DC) and affiliated by the Chittagong Medical University.

Chattagram International Medical College (CIMC) offers a five-year course for Bachelor of Medicine and Bachelor of Surgery (MBBS) and one-year internship training at Chattagram International Medical College Hospital (CIMCH).

Our teachers are experienced, skilled and knowledgeable in their own fields. They not only teach the theoretical aspects but also train the future doctors from the viewpoint of practical aspects.

The CIMCH is a tertiary care referral hospital and provides excellent training to undergraduate students and doctors. It is well-equipped with modern facilities to provide quality health care to the public at reasonable cost and to the poor people free of cost. The entire hospital staff is dedicated to excellent service.

Who we are

Chattagram International Medical College (CIMC) started its journey in 2013. Its large and beautiful campus has been built on 5.00 acres of own land. It is a unique institution with full-fledged, well-equipped and diversified facilities for students. The college is located in the beautiful semi-urban place of Chattogram, the port city of Bangladesh. It has been providing world-class MBBS degree for the students. It has a state-of-the-art 500-bed medical college hospital in the same Campus.

Our Slogan *Quality with Morality*

OUR VISION

To be a center of excellence for transformative experience with high moral and professional standards for clinicians, educators and researchers for the benefit of humanity.

OUR MISSION

To provide quality and affordable health care facilities and services to the community.

To deliver patient-centered & technologically advanced medical education and clinical care.

To establish and develop a world-class, self-reliant institute for imparting Medical & other Health Science education.

To nurture a research-driven academic environment that empowers students and faculty to solve global health challenges.
